

# Helicopter Flying Guidelines

- 1) Helicopters are to be started at their designated flight pad – see attached diagram.

Helicopter Hovering Pad

Helicopter Launching Pad

- 2) Helicopter Hovering Pad is for Helicopter Pilots to practice their hovering skills only.
- 3) Helicopter Launching Pad is for Helicopter Pilots who will be flying their helicopter.
- 4) All Pilots are to stand at their respective Flight Line while flying their craft.
- 5) All Pilots must give priority for craft landing, followed by craft taking off.
- 6) All Pilots must not fly over the runway while a craft is landing or taking off.
- 7) Last but not least, please make safety as our top most consideration while flying.
